Hi Ken.

Per your request and Davis Zhen's direction, we have attached the two documents you reference below. Appendix A (#2) should be embedded in the Draft DMP attached to the SOW, but we've extracted the excel workbook and attached it to this email.

Subject: Request for assistance to located two documents

Davis,

We are unable to locate two documents referenced in your comments to the DQMP. We've searched the internet and have asked our partners but still can't locate the documents.

This is to request that EPA Region 10 supply the following two documents referenced in their comments on the DQMP, we've searched the network project directory and the Internet and cannot find them:

1. EPA. 2013. U.S. EPA Region 10 Geographic Information Systems (GIS) Data Deliverable Guidance.
2. MS Excel Workbook "Appendix A - Data Element Dictionary..." referenced in "EPA. 2017. DRAFT Portland Harbor Data Management Plan". The most current workbook would hopefully also include the HUC valid values

2. referenced in their Item #3 comment (To Be Considered Comments).
